## How to Get Google Ads Free...

I came across this website showing me I could [get google ads free](#). Of course I was skeptical about getting google ads for free, I'd never heard of this 'secret guru, Dr. Jon' as a matter of fact I tried to find other marketers who might have heard of him. Nothing good came up in my search.

I did something crazy, right? I bought Get [Google Ads Free](#) because he was offering a money back guarantee, yada, yada, yada!

Best decision I ever made!

This guy gives you some of the best information one could ever receive on pay per click advertising, especially google's ppc.

Here are a few things [Get Google Ads Free](#) talks about:

1. You CAN now bid as high as you like on any select keyword **(and thereby blow ALL your competition right out of the water! -- and NEVER have to pay for a single 'click!')**
2. You CAN now set your daily budget as high as you want to go (and thereby be assured of having ONLY the BEST \*TOP PREMIUM\* positions at all Search Engines -- these are the color ribbon areas over the "organic" results everybody sees first!) **But DON'T worry as you'll never pay for a single day of pay-per-click advertising regardless of how high you set your budget!**
3. You can add as many select keywords and keyword phrases for any PPC campaign you like, **as you will NEVER be paying for any of it!**
4. You can sell as many products, and start as many Web-Businesses as you like (just like I have now gone 'wild' and done!) **as targeted PPC advertising costs are no longer any real concern for YOU!**
5. You can therefore get extremely (even ridiculously!) wealthy as you can "afford" to get literally \$millions\$ yearly in PPC-advertising, **because all costs will now be removed meaning everything you're making is pure 100% GROSS PROFIT!**
6. and much more

**"The 3 most important strategies you MUST do right now in order to EXPLODE your online business!"**

**Strategy #1:**

**Write only extremely effective pay-per-click ads for whatever you're selling!**

**About 98% of all advertisers stink at writing and preparing ad copy.** What good is advertising if your ads don't do their job as well as they could? **You have a very limited space in which to stimulate your prospective buyers at search engines** (e.g., Google allows just 25-characters per headline, and 35-characters per two additional lines of selling. **You therefore MUST make the most of the very limited space!**)

**Strategy #2:**

**Generate only the absolute very most targeted select keywords and bid them appropriately to get the very best positions so that your prospects see your ads above everybody else's!**

It is your responsibility to **generate every possible keyword and phrase that's applicable to targeting your select audience**. And once you've collected them all, you MUST bid them in such a way that you get only the **TOP placement** (i.e., the **top blue ribbon spots on the very FRONT PAGE** and for ALL your keywords!) **And this usually would be extraordinarily expensive beyond 99.9% of webmasters' and promoters' best and most generous budgets.**

**Strategy #3:**

**Eliminate ALL this advertising costs you'd otherwise have to pay (like everyone else!)**

Imagine now after having aced Strategies #1 & #2 above, you were suddenly able to just **eliminate all these advertising costs** involved, but WITHOUT losing your ads' thunder or placement. This is the MOST IMPORTANT strategy of all: Forever eliminating all your PPC costs -- and regardless what they cost! **This puts YOU in the top position and gives you the ultimate cutting edge advantage over everybody else – FOREVER!**
